

Voice of the South Sioux City Community Schools

The School Administration Building has an automated voice messaging system that directs telephone calls to appropriate personnel. The school district is searching for the right “voice” to record voice mail and messages. It should be a warm, sincere, inviting voice that communicates a helpful attitude. If you believe you or one of your colleagues has the right voice, please submit an audio sample for review. We would like to identify the “voice” of the South Sioux City Community Schools by the third week in February and the recording work done by April 1st.

For direction on how to submit an audio sample, visit the school district’s web site and click on “Voice of the South Sioux City Community Schools - Audio Sample” in the Administration section.

If you are interested in submitting an audio sample call this phone number 402-412-2819 and read the following script after the voice says “...leave a message...”:

Thanks for calling the South Sioux City Community Schools. Please listen to following menu options. For the Administrative Offices, press 1. For Curriculum, Instruction and Assessment, press 2. For Student Services, press 3. For the Technology Department, press 4. For all other calls, press 5 or stay on the line.

This is (insert your name here) and my building assignment is (insert your building assignment here) and this is my voice audition.
