The YMCA is offering alternative learning opportunities for school aged students (5–12 yrs old) to continue to succeed outside the classroom. We are offering services during the days the students are remote-learning. Children will have the opportunity to enhance their learning through hands-on activities in a small group setting.

Our Program Offers:
- Enrichment opportunities including: physical activity, STEM, literacy, math, history, arts & crafts.
- Swim lessons will be included at no additional cost.
- Low staff : student ratios
- Quiet work space for students, equipped with WiFi, to complete their daily assignments and continue to learn safely.
