Melissa Rose will be in charge of gate workers. Her phone is 712-253-7116. It is very important to have all of our entrances covered to hand out coach packets and to take admittance fees. Three gates will be open again this year for visitors to watch the games. (high school commons, G street entrance, and the Middle School

Mel VanBerkum will be in charge of the Ref's. The majority of the ref's in our tournament are certified refs. Mel will be in charge of scheduling them. If anyone would like on this list or more information Mel can be reached at 712-203-2006.

Brian Atkins is in charge of court monitors. We like to have monitors in every gym watching games just to make sure games are starting on time (not early or late). Also to monitor fan behavior. We have not had any many issues in the past few years. Brian can be reached at 402-241-7459

Tara Knowles schedules all of the boys and girls basketball players to run the clocks and books on every court. We are one of the very few tournaments around that don't have parents do the books and clocks so the parents get to watch their children play. We get very many comments on this how the coaches and parents like this. Tara will meet with both the boys, and girls team and explain expectations for our kids and make the schedule. Tara can be reached at 712-281-6070.

Next Meeting: Wednesday Feb 8,2017 7 pm meeting at the SSC High School
