

(Parent Notification letter)
Use District Letter Head

Dear Parent/Guardian:

This letter is to notify you that, if your child is eligible for free or reduced lunch, he/she is eligible for free supplemental educational services this academic year. These services will be provided before school, after school, and/or during the summer. The services will be in addition to the instruction that your student receives during the school year.

You can also choose a tutoring program from Nebraska's list of approved Supplemental Educational Services (SES) Providers. The goal is to help your student increase academic achievement in reading, language arts, and/or mathematics. Please note it is the parent's responsibility to provide transportation to and from tutoring.

This notification letter is being sent to you in accordance with *the No Child Left Behind* law. Students are eligible for this program based on family income and attendance at a school that is identified as being in School Improvement for 2 or more years. If services cannot be provided to all students applying, the school/district will prioritize based on academic need.

A list of Nebraska's approved providers is attached. These providers have agreed to provide services that are consistent with the instructional program of the district/state. They have also agreed to provide you and your student's teacher(s) information on the progress of your student.

Please complete the attached form and return it to (insert address) by Thursday, February 25th. Call (phone number) if you need additional information or have questions.

Sincerely,

Ben Schultz
Principal
