District Description

SSC Community Schools is a progressive district in northeast NE and includes the communities of South Sioux City & Dakota City. With over 3900 PreK-12th grade students and families, we partner to provide equity in learning for all students through rigorous, collaborative experiences to support the whole child and prepare them well for future college & career opportunities. We have one PreK building, five K-5 elementary schools, one 6-8 middle school, and 9-12 high school with an alternative setting. We celebrate and benefit from our diversity, which enriches us as a community of learners. Our certified & classified staff engage students in relevant learning with high expectations and evidence-based systems of support. This reflects our mission: South Sioux City Community Schools, in partnership with families & community, provides a safe & supportive learning environment where each student is uniquely prepared, and thrives academically, socially, and personally.
