

## FirstView ParentView by First Student: Getting Started

### 1. Download the FirstView ParentView App

Go to [web.firstviewapp.com](http://web.firstviewapp.com) or find FirstView in the [App Store](#) or [Google Play](#). Follow the instructions to download the app to your smartphone and create an account.

### 2. Set Up Your Profile

Open the ParentView app from your home screen and begin the registration process. You'll be asked to:

- a) Select State/Province: **NEBRASKA**
- b) Select District: **SOUTH SIOUX CITY**
- c) Student ID or District Code: **XM9F**
- d) Route Name:

You'll then be prompted to **REGISTER\***.

*\*Registration information pertaining to your student's route is provided by your school district. FirstView Customer Support cannot provide this information to you.*

### 3. Follow a Route

Once you have confirmed your account, login and select **Profile** to “**Add A Student**” with the information you received from your school district. Next, you will select AM/MID/PM Route, search for your route name and select your school (if applicable).

### 4. Setup Distance Alerts

To setup alerts for tracking the bus, you will be prompted to “**Configure Notification**”. Select the location you want to track the bus to, choose a geofence size around your location, and set your time range. When the bus enters your geofence within the time range selected, you will get a notification that the bus is near. Students should still be at their assigned bus stop 10 minutes prior to the scheduled arrival time.

### 5. Receive Notifications

Go to **Settings** and select “**Notification Recipients**” to add email notifications for up to 3 recipients, including yourself. From this screen, you can also edit your **Profile** or follow another route. Alerts and notifications from your district or the bus depot will appear under **Notifications** in the menu.

*\*To receive push notifications, you must allow your mobile device to receive notifications from the FirstView app. You will be prompted upon downloading the app or you can confirm/update your settings within your phone's app settings.*
